for the History of the Neurosciences**

ISHN - 22nd Meeting

June 19-23, 2017
Besançon, France
Maison de l'Économie

<http://www.ishn2017besancon.com>

Local committee

Laurent Tatu (*Besançon*)
 Julien Bogousslavsky (*Montreux*)
 François Boller (*Montreux*)
 Jean-Gaël Barbara (*Paris*)
 Claudio Bassetti (*Berne*)
 Emmanuel Broussolle (*Lyon*)
 Thierry Moulin (*Besançon*)
 François Ochsner (*La Chaux-de-Fonds*)
 Odile Roynette (*Besançon*)

Scientific committee

Julien Bogousslavsky (*Montreux, Switzerland*)
 Paul Eling (*Nijmegen, The Netherlands*)
 Stanley Finger (*Saint-Louis, USA*)
 Axel Karenberg (*Köln, Germany*)
 Peter Koehler (*Heerlen, The Netherlands*)
 Douglas Lanska (*Tomah, USA*)
 Lorenzo Lorusso (*Chiari, Italy*)
 Franck Stahnisch (*Calgary, Canada*)
 Gül Russel (*Bryan, USA*)
 Laurent Tatu (*Besançon, France*)

ISHN Board of Directors

Gül Russel (*Bryan, USA*)
 Douglas Lanska (*Tomah, USA*)
 Sherry Ginn (*Concord, USA*)
 Paul Eling (*Nijmegen, The Netherlands*)
 Axel Karenberg (*Köln, Germany*)
 Catherine E. Storey (*Sydney, Australia*)
 Stanley Finger (*Saint-Louis, USA*)
 Peter Koehler (*Heerlen, The Netherlands*)
 Franck Stahnisch (*Calgary, Canada*)

Dear Colleagues and Friends,

Along with the Local and Scientific Committees, we are delighted to welcome you to the 22nd Congress of the International Society for the History of the Neurosciences.

Besançon, capital of the Franche-Comté province, is a spectacular historic town, close to the Swiss border, which was also the birthplace of the most famous French writer, Victor Hugo. Moreover, the history of its region is particularly interesting for neurosciences, with Louis Pasteur in the nearby small city of Arbois, with one of the main French “torpillage” centers of World War I in Salins-les-Bains, and Edouard Brissaud’s birthplace in Besançon itself. Specific time is planned for the congress participants to visit these most interesting places and the Gala Dinner will be held in La Citadelle dominating the city and built by Vauban the famed Louis XIV’s military engineer.

2017 will also be the 100-year Jubilé of Jules Déjerine’s death. With Déjerine in mind, the French neurologist from Switzerland, we are also proud to make the local organization of this meeting a French-Swiss joint venture, associating in particular delegates from the University of Franche-Comté and the Swiss Medical Network.

While the scientific sessions are hosted in Besançon, there will be a special after-meeting cultural tour in nearby Switzerland. This tour will allow delegates to explore La Chaux-de-Fonds, historical home to Swiss watches and birthplace of famous avant-garde architect Le Corbusier, of the writer Blaise Cendrars and of Louis Chevrolet, before he emigrated to the US where he revolutionized the car industry.

On behalf of the ISHN board and the meeting committees, we wish you a pleasant congress.

Prof. Julien Bogousslavsky

Prof. Laurent Tatu

Monday June 19, 2017

Welcome and opening

13h45 - 14h00 Dean of Besançon Medical School.
Thierry Moulin

Symposium WW1 Neuropsychiatry
Chairpersons: Laurent Tatu - Jean-Gaël Barbara

14h00 - 14h25 The French neurologist Jules Froment in the Great War.
Emmanuel Broussolle

14h25 - 14h50 Gustave Roussy and electric treatment of shell shock.
Laurent Tatu

14h50 - 15h15 "Off With Their Heads": An American perspective of shell shock during World War 1.
William Hanigan

15h15 - 15h40 Louis-Ferdinand Céline a neurologic war-wounded.
Odile Roynette

Coffee break 15h40 - 16h10

Presidential address

16h10 - 16h40 "Light": Dark chamber experiments of Ibn al-Haytham and serial paintings of Claude Monet.
Gül Russel

Platform session
Chairpersons: Frank W. Stahnisch - Paul Eling

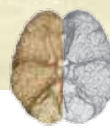

16h40- 17h00 The facial pain of Johann Laurentius Bausch.
Uwe Neubauer

17h00 - 17h20 "Not a word heap": John Hughlings Jackson's (1835-1911) notion of propositional speech.
Marjorie Lorch

17h20 - 17h40 "A peculiar condition of the nerves": Reports of hysteria by Richard Bright.
Henry S. Schutta

Welcome drink and music 17h45 - 19h00

Tuesday June 20, 2017

Platform session**Chairpersons: J. Wayne Lazar - Kathryn Schoefert**

- 8h30 - 8h50
Sherry Ginn
Hollywood horror films and the mind-body question.
- 8h50 - 9h10
Egle Sakalauskaite-Juodeikiene
Plica polonica and neurology in the 19th century Vilnius.
- 9h10 - 9h30
Maxence Gaillard
Tools and paradigms in neuroscience.
- 9h30 - 9h50
Mattia Della Rocca
A Newton for a blade of grass. Ralph Stayner Lillie (1875-1952) the "iron wire model" and the early roots of neuromorphism.
- 9h50 - 10h10
Edward H. Reynolds
Brain and mind: Laycock's Theory of Relativity.

10h10 - 10h40**Coffee break****Symposium Dejerine one century later****Chairpersons: Jacques Luauté - Emmanuel Broussolle**

- 10h40 - 11h05
Thierry Moulin
From Charcot to Dejerine: The Salpêtrière chair of neurologic diseases.
- 11h05 - 11h30
Julien Bogousslavsky
The Dejerine's Swiss trail: From Switzerland to Paris and back.
- 11h30 - 11h55
Emmanuel Broussolle
Contribution of André Thomas and Jules Dejerine to the study of the cerebellum.
- 11h55 - 12h20
Jacques Luauté
Dejerine and neuroplasticity.

12h20 - 14h00**Lunch
Posters presentation****Platform session****Chairpersons: Peter J Koehler - Malcolm Macmillan**

- 14h00 - 14h20
Jean-Marie Leminor
About the 500th anniversary of the first human dissection in Strasbourg and the most ancient printed representations of a real dissected brain (1517).
- 14h20 - 14h40
Elisabeth Lens
"The Einstein Girl": fictional literature as a contribution to evaluation of diagnostic classification.
- 14h40 - 15h00
Kathryn Schoefert
Coming into its own? Comparative neuropathology and veterinary neurology ca1960.
- 15h00 - 15h20
Frank W. Stahnisch
On the reconstruction and networking processes of the Max Planck Institutes in the field of neurology, psychiatry, and psychology during the postwar period, 1948-1968.

15h20 - 15h50**Coffee break****Platform session****Chairpersons: Sherry Ginn - Axel Karenberg**

- 15h50 - 16h10
Catherine E. Storey
The forgotten Royle: a discarded procedure, discarded from history?
- 16h10 - 16h30
Helmut Gröger
Vienna University Institute for the anatomy and physiology of the central nervous system: The world's first brain research institute.
- 16h30 - 16h50
Eelco F. Wijdicks
Marie-Chatelin syndrome: The eponym that never existed.

17h00 - 18h45**City tour****20h00 - 23h00****Gala Dinner**

Posters presentation

Tuesday June 20, 2017
12h20 - 14h00

Heinz Krestel

Does modern neuroimaging replace classical neuroanatomy to teach network concepts in Neuroscience:
The example of the language network.

Elena Bobkova

Colonialization of psychiatry patients in Tula region ca. 1900.

François Ochsner

An historical aspect of conduction blocks.

Matthieu Béreau

Henry Meige and his eponym syndrome.

Gala Dinner La Citadelle de Besançon

Tuesday June 20, 2017
20h - 23h

Neurogastronomy session

Alessandro Porro

Filippo Lussana and innervation of taste

Vittorio A. Sironi

Brain and flavor: Historical aspects of neurogastronomy

Daniele L. Sironi

History, brain and wine: Origin and development of neuroenology

Wednesday June 21, 2017

Platform session

Chairpersons: Eelco F. Wijdicks - John Carmody

8h30 - 8h50 St. Vitus' Dance in Europe. A Historical Perspective.

Axel Karenberg

8h50 - 9h10 Brain stones in the history of medicine.

Peter J Koehler

9h10 - 9h30 A simple sugar in a complex encephalopathy:
Bircher and lactulose.

Eelco F. Wijdicks

Guest conference

9h30 - 10h00 Neurological diseases in famous artists.

Michael Hennerici

10h00 - 10h30

Coffee break

Symposium *Rare neuropsychiatric syndromes*

Chairpersons: François Boller - Douglas Lanska

10h30 - 10h55 Capgras et al.

Jean-Pierre Luauté

10h55 - 11h20 Klüver-Bucy syndrome.

Douglas Lanska

11h20 - 11h45 Ganser and Cotard syndromes.

Sebastian Dieguez

11h45 - 12h10 Dream enactment.

Panagiotis Bargas

12h10 - 12h35 Charles Bonnet and other hallucinatory syndromes.

François Boller

13h00 - 19h00

Cultural tour

Cultural tour

Wednesday June 21, 2017

13h00 - 19h00

Louis Pasteur's home & Museum

City of Arbois (town vine cellars)

**Arc-et-Senans Saltwork
(UNESCO World Heritage site)**

Thursday June 22, 2017

Platform session**Chairpersons: Lorenzo Lorusso - Nicholas J. Wade**

- 8h30 - 8h50
Boleslav L. Lichterman Changing attitude to knock-outs in Soviet sports medicine.
- 8h50 - 9h10
Nicholas J. Wade Visualizing the History of Neuroscience in Europe.
- 9h10 - 9h30
Lorenzo Lorusso Saving the History of Neuroscience in Europe.

Guest conference

- 9h30 - 10h00
Semir Zeki Not announced.

10h10 - 10h30 Coffee break**Symposium *Facial expressions of emotions*****Chairpersons: Stanley Finger - Olivier Walusinski**

- 10h30 - 10h55
Douglas Lanska Charles Darwin's reinterpretation of Charles Bell's anatomy of emotional expression (1844).
- 10h55 - 11h20
Paul Eling Franz Joseph Gall's (1758-1828): Gall's glorious Germany tour.
- 11h20 - 11h45
Stanley Finger How Gall's doctrine was introduced to the British and his overlooked visit to London.
- 11h45 - 12h10
Olivier Walusinski An historical review: Faces, skull, character and emotions, from 1295 to 1800.
- 12h10 - 12h45
Andrew Waclawik Duchenne's contributions to the study of the mechanisms of human facial expressions.

12h45 - 14h00 Lunch**Platform session****Chairpersons: Moshe Feinsod - Catherine E Storey**

- 14h00 - 14h20
J. Wayne Lazar Henry Herbert Donaldson (1857-1938) background and career.
- 14h20 - 14h40
John Carmody Two great and influential papers in modern neuroscience: both seemingly unaware of their historical genesis and counterpoised philosophical character.
- 14h40 - 15h00
Ingrid Daey Ouwens Malaria fever therapy: a centennial.
- 15h00 - 15h20
Malcolm Macmillan Alfred Walter Campbell's return to Australia.

15h20 - 15h50 Coffee break**Platform session****Chairpersons: Henry S. Schutta - Marjorie Lorch**

- 15h50 - 16h10
Peter F. Lens Diogenes' rehabilitation.
- 16h10 - 16h30
Piet Voskuil The possible role of disturbance of visual perception in the brain on the onset of the episodic psychoses of Vincent van Gogh.
- 16h30 - 16h50
Tyler D. Boulter Chevalier John Taylor: Plagiarist or innovator in the history of ocular anatomy and vision?

Farewell

Post-Congress program

Friday June 23, 2017
8h00 - 19h00

Friday June 23, 2017

Post-Congress

- 8:00** Bus departure from Besançon.
- 9:30** Welcome at Espace horloger - Maison de l'UNESCO La Chaux-de-Fonds (Switzerland).
- 10:00** Tourist-mini train - Visit to heritage sites.
- 11:00** Visit of La Maison Blanche (Le Corbusier house).
- 12:30** Lunch break.
- 14:00** Visit of Watch Factory TAG-HEUER.
- 15:00** Visit of Musée international de l'horlogerie, La Chaux-de-Fonds.
- 16:00** Free time in the city.
- 17:30** Return by bus to Besançon.

**International Society for the History of the Neurosciences
22nd Meeting**
